Colored Pencil Lesson Collection

The projects in this collection were all created using a basic 24-pencil set of Prismacolor colored pencils. If you have a different set, feel free to use them – just remember that your results may be slightly different from the ones you see in the course videos. (And that is perfectly fine!)

There is one technique (Sgraffito Screech Owl) that always works best with Prismacolors, due to their waxy consistency and rich pigment.

You will need:

- A 2B drawing pencil, any brand
- A kneaded eraser
- Some copy paper or sketch paper for practicing
- Heavier paper (card stock or Bristol vellum) for drawings
- A sheet of gray or buff toned paper (or brown craft paper)
- An X-acto knife or similar craft knife
- A pencil sharpener
